Dear Sir:

Applicants are in receipt of the Notice of Non-Compliant Amendment dated November 17, 2005 issued in connection with the above-captioned patent application. The Notice indicates that the amendments to the drawings were not properly identified in the top margin as "Replacement Sheets."

As noted in the amendment filed November 3, 2005, a copy of the originally filed drawings were attached to the amendment. That is, the drawings attached to the amendment were merely attached for the convenience of the Patent Office. No amendments, including a translation of the text, was made to the Drawings in the amendment filed November 3, 2005.

Eight (8) sheets of drawings containing English language text were filed as part of the §371 application package filed on February 20, 2002. A copy of the Japanese language international application, including eight (8) sheets of drawings with Japanese characters, was also filed with the §371 application package. Thus, the at the time of

filing of the application, drawings having both English text and Japanese text were filed. A copy of the stamped mail room post card is attached to this letter as evidence of the filing of the eight (8) English language sheets of figures.

Thus, the drawings filed on November 3, 2005 were not replacement sheets and need not be marked as such.

Applicants respectfully request withdrawal of the notice of non-compliant amendment and consideration of the amendment filed November 3, 2005. Applicants further believe that the instant response is a *bona fide* response to the Notice which is sufficient to toll the time period set forth in the Notice.

Although it is not believed that any additional fees are needed to consider this submission, the Examiner is hereby authorized to charge our deposit account no. 04-1105 should any fee be deemed necessary.

Dated: December 19, 2005

Respectfully submitted,
